Detailed technical data

Technical specifications

Accessory group	Terminal and alignment brackets
Accessory family	Terminal brackets
Material	Plastic (PA6)
Items supplied	Without mounting hardware
Tightening torque	1.1 Nm ¹⁾
Specialty	Without fixed stop
Tightening torque sensor	0.4 Nm ... 0.6 Nm ²⁾
Usable for	Round sensors with 5 mm housing diameter without fixed stop

¹⁾ Recommended tightening torque for bracket.

²⁾ Recommended tightening torque for sensor, for more information see sensor datasheet.

Instruction for installation

① Optimal installation position depends on the sensor model. Please check the sensor data sheet.

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
