

STE-1204-GQU6

SICK
Sensor Intelligence.

Ordering information

Type	Part no.
STE-1204-GQU6	6042089

Please consider the operational voltage of the connector. For sensors with an integrated cable and flying leads the operational voltage of the connector can be lower than the operational voltage of the sensor.

Detailed technical data

Technical specifications

Accessory group	Plug connectors and cables
Accessory family	Field-attachable connectors
Connection type head A	Male connector, M12, 4-pin, straight
Connection type	Cutting technology
Locking nut material	CuZn, nickel-plated brass
Tightening torque	0.8 Nm
Permitted cable diameter	3.5 mm ... 6 mm
Permitted cross-section	0.14 mm ² ... 0.34 mm ²
Reference voltage	≤ 125 V
Current loading	4 A
Note	Test voltage 1.25 kV eff/60 s, insulation group C to VDE 0110 For field bus technology
Authorizations	UL
Enclosure rating	IP65/ IP67
Ambient operating temperature	Head -25 °C ... +80 °C

Dimensional drawing (Dimensions in mm (inch))

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is “Sensor Intelligence.”
